WORK EXPERIENCE

Application Consultant - IBM, Taiwan   Jul 2022 - Aug 2023
System Analyst of a Corporate Digital Lending PCR Project for a Multinational Bank

- Led the interviews and design of workflow optimization, credit rating automation and null value handling
- Recommended and confirmed business requirements by interviewing 10+ business and IT stakeholders, and analyzing system and project constraints
- Converted business requirements to documents and workflow diagrams for continual communication
- Assigned tasks to programmers, led task progress, conducted SIT and updated clients on UAT/deployment
- Guided the client's top management to complete docs and interview for the Asian Banker Award application

System Analyst of an Overseas BNPL project for a National Finance and Leasing Company

- Took the weekly meeting minutes and feasibility analysis while having the PCR project account ongoing
- Supported the enterprise architecture models, business workflow charts and Axure website wireframe design

Developer of a Core Banking Modernization Project for a Leading National Bank

- Created software setup and development manuals to assist the bank's AP and newcomers to learn the setup/ programming framework and methods on Day 1
- Tracked 15 end-to-end APIs by updating System Analyst and Project Manager on new specs and backlogs
- Developed and tested Spring-based applications for cloud migration in Agile

Client Engagement and Other Activities

- Supported 4 Business Analyst training sessions for two banks
- Conducted gap analysis between the bank's current eLoan system and the IBM Green eLoan solution
- Led the presentation and Q&A of the IBM Taiwan Green eLoan solution sharing to the APAC community

Forensic Data Analytics Intern (FTDS) - Ernst & Young Advisory, Hong Kong   Jun 2021 - Sep 2021

- Created presentations on RegTe*ch* for banks' training sessions and engagements
- Conducted data analytics and reported results for an IT Due Diligence project
- Updated information and news of HKMA, GDPR and data privacy regulations in China
